About Show

"14th Dairy, Poultry & Aqua Expo Bangladesh", November 05-07, 2026 at ICCB, Dhaka, Bangladesh

"Dairy, Poultry & Aqua Expo Bangladesh" is a unique platform to display, developments and thinking for the improvement of the industry and also attracts bighearted trading and investment opportunities. This event is a wide opportunity with valuable information about Dairy & poultry, Fisheries, Livestock industry, feed equipment, technology, breeders, Egg farming, poultry nutrition, animal health and international poultry production. It also offers latest advances in poultry research, science and technology like cage and feed milling importance. It also offers superior knowledge and understanding of poultry industry via technical forums, trainings and job opportunities in the Poultry Industry. The main aim of this Exhibition is to help you to keep side by side of the latest developments and practice in the Dairy & poultry, Fisheries, Livestock, management, poultry health & nutrition, poultry breeding and new techniques in feed manufacturing, poultry production & processing.

Why Exhibit ?

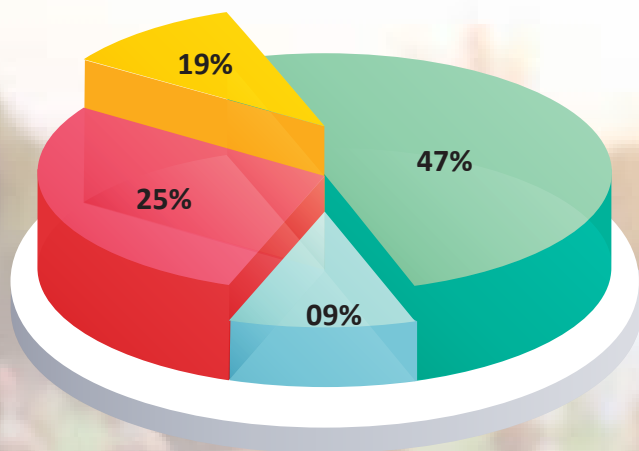

Exhibiting at a Dairy, Poultry & Aqua Expo offers a powerful platform for businesses to showcase their products, technologies, and innovations to a highly targeted audience of farmers, industry professionals, investors, and decision-makers. Such expos bring together key stakeholders from the livestock, aquaculture, and agribusiness sectors, creating valuable opportunities for networking, brand visibility, and direct customer engagement. Companies can launch new products, demonstrate solutions, and gain immediate market feedback while strengthening relationships with existing clients and partners. In addition, these events provide insights into the latest industry trends, technologies, and regulatory developments, helping businesses stay competitive in a rapidly evolving market. Overall, participating in a Dairy, Poultry & Aqua Expo enhances business growth, expands market reach, and reinforces a company's position within the agricultural value chain.
